TOOLING TECHNOLOGY - CNC MANUFACTURING - MOLDING - CONSTRUCTION - PROTOTYPING

China Sourcing

We would like to introduce you to our Chinese partner - **Haide Group**. In order to promote Germany-China cooperation, especially the cooperation of SMEs, an industry forum is currently being established. Here, even smaller companies can get cost-effective opportunities to showcase their product offerings and services in China. The company has some factories as follows.

China Sourcing

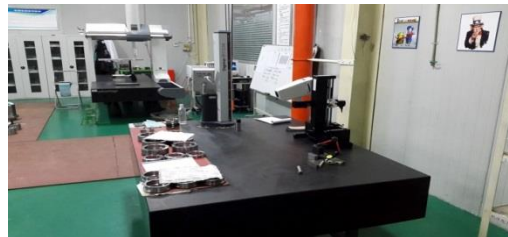

Our partner and co-partner is located in the northern China and currently employs about 600 people. The company maintains several factory buildings with modern production technology.

The capacities amount to the following procedures:

- CNC Milling Technology
- CNC Turning Technology
- CNC Grinding Technology
- Large machining up to 6m
- All hardening processes and surface treatment
- Hand and assembly work
- Project-related facilities can be erected or adapted at any time.

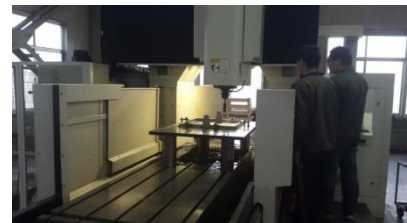

Working Site

Quality Control

Haide Group
